

HEAD'S COMMENDATION

Josh has been awarded the Head's Commendation this week for using his IT skills to be helpful around the school. He did this in a mature way and without seeking the limelight.

PRE-PREP TROPHY

Eliza has won the Trophy for being incredibly kind and caring. She is always making her friends and teachers smile.

AWARD

Nimechi has been awarded a Blue Peter Music Badge for a wonderful singing and piano recital she performed.

YEAR 8

During ALS the Year 8 pupils have been learning how to cook on campfires. They were provided with a sea bass from Chef Joe which they successfully gutted and cooked, wrapping it in tin foil with lemon and rosemary. They also plucked wood pigeon which was supplied by the Wellington Estate. They fried the pigeon breasts and enjoyed them accompanied by flatbreads and an onion and garlic gravy. While some students preferred to stoke the campfires, others took the opportunity to find out more about the anatomy of the fish and birds. Both meals were delicious and parents could encourage their children for an encore at home for the family!

YEAR 8

Year 8 pupils are investigating Murder Mysteries in their Drama lessons. This week detectives uncovered a tangled web of crime, suspects, clues, evidence... and suspense!

FOODBANK

Thank you for all of your Foodbank Donations, which weighed in at 335kgs. This is the equivalent to 798 meals which will go a long way to support local people in crisis.

YEAR 5

As part of their outdoor learning week, the pupils have been investigating what lives in our woods. They have set dormouse footprint traps - with some success - and pitfall traps - with considerable success! They have used keys to identify leaves and found a huge variety of fungus. Outside the woodland cabin there are now two bug hotels to increase the biodiversity in this area. The hotels have been named Bugingham Palace and Wingsor Castle. To preserve the samples of leaves found during this season of change, leaf presses have been made by reusing materials. In addition, the children completed the exercise trail and made dens!

DANESHILL COLOURS

Daneshill Colours recognise a pupil's excellence and commitment to activities at school in the following areas - Arts (Music, Drama, Art), Academic, and Sport. The first of these to be awarded are Arts Colours, and these go to Phoebe Martin, Mabel Beauchamp and Melita Davies Jones, for their commitment to the Art Department. These pupils have shown a genuine passion and commitment towards the subject. They have improved their skills by attending the extension program regularly, and working hard in their free time. They have been commended for their independent learning, enthusiasm to acquire new knowledge, experimentation with multiple medias and helping around the Art department. They pro-actively enter competitions both internally and externally and show a genuine passion for Art.

E - SAFETY

Talk about Cyberbullying with your child

Internet Matters have created conversation starters for parents to help facilitate conversations around cyberbullying. The tips are age appropriate so that the conversation can be pitched accordingly. They can be found [here](#).

Internet Matters - screen time

Internet Matters have created some useful resources for parents on screen time:

- Creating a balanced digital diet with screen time tips - [click here](#)
- Learn about and install the app designed specifically for parents - [click here](#)
- Screen Time Advice - [click here](#)

RESULTS
